

m500
Handheld

Expandable and Internet-Capable.

Ultra-expandable

Grow as your needs grow. Based on the design of the award-winning Palm™ V handheld, the new Palm™ m500 handheld is completely customisable, thanks to two expansion features. The standard Secure Digital/ MultiMediaCard slot and the Palm™ Universal Connector let you add storage, applications, content and add-ons, like a portable keyboard, wireless modem, camera, and more. Right out of the box you can use your Palm™ m500 handheld to manage your e-mail¹, view and edit spreadsheets² and documents²; view eBooks, video clips³ and photos³, or browse Web content offline⁴. Palm™ Mobile Connectivity software (included) offers wireless connectivity to the Internet; simply connect your Palm™ m500 handheld to a modem or data-enabled mobile phone. Plus, enjoy fast HotSync® operations with the new native USB cradle with battery charger. If you're trying to keep pace with the demands of the mobile workplace, this is the handheld for you.

¹ Requires an Internet account, modem or data enabled mobile phone and/or third-party software for e-mail and Internet access, sold separately.

² Software functionality provided by DocumentsTo Go®, a product of DataViz, Inc.

³ Software functionality provided by PhotoSuite® Mobile Edition, a product of MGI.

⁴ Software functionality provided by AvantGo.
